I can promise a trip of a lifetime. Then we contionue back to JAVA for a 5 day Tour to Carita beach with Krakatau volcano tour over Handeuleum Isand and Peucang Island with a visit in Ujung Kulon Nat. Park **WATCH OUT FOR RHINOS !!**

TRAVEL PERIOD is 20,03,2015 to 13,04,2015

I have arranged a package for us with around 33 dives on 4 Islands with all the accomodation in Nirvana Beach Villa and Tomina Dive Center and Hoga Island Resort includes 3 meals per day and coffe / tea. Some rooms have AC some have only fan – Hoga has shared bathroom inbetween 2 villas. Indonesian style – cold water only - sea view – no electricity after 10,00 pm !

But you will see the luxury is having no luxury other then a sea view hammock All for ourself. Indonesia is magical ! Hoga Island in Wakatobi is truly a paradise in which you can relax and unwind. Hoga is a small island with no roads and only one small fishing village, which is a half hour walk away from Hoga Island Resort. At night time the stars are amazing and if you take a stroll along the beach you will see trees alight full of fireflies. One of the great pastimes in the evening is to take a walk along the beach in the splash zone and watch your footprints light up with the bio-luminescence. There are small kabanna's where you can relax in a hammock and watch the colourful sunsets. Accommodation here is rustic, but it is a special place to visit.

On our Java Tour we will stay 2 nights in a beach hotel in Carita – Krakatau Volcano – Ujung Kulon Tour

1 night on Handeuleum Island Ujung Kulon, 1 night on Peucang Island with speed boat for Krakatau day excursion and more more and more...
